Cobrix Operations
A one-time license for businesses that prefer to pay once

Everything you need to recommend the Founder License honestly, without promising what does not exist.

What Cobrix Operations is

Cobrix Operations is store management software with AI for small businesses: customers, products and stock, quotes by link, counter sales, cash register, sales goals and finance in one place. The Founder License is the same tool paid once: no monthly fee for as long as the product exists. There are 30 spots for the United States.

WHO IT IS FOR

- Auto parts and accessories stores, repair shops, distributors and retail in general
- Businesses tired of paying a monthly software bill
- Owners who want stock, quotes and finance under control without spreadsheets

HOW YOUR CUSTOMER BUYS

1. Chooses the Start or Essential license at cobrix.site/us/founder and pays once on the checkout page, priced in US dollars (on Hotmart or Kiwify).
2. Receives an email with a link to set a password (valid for 7 days).
3. Signs in to Cobrix Operations with the plan unlocked, with no expiry.

Your commission

20% of the net amount of each license sold through your link (the price after platform fees and taxes), paid once per sale. The license does not renew, so there is no recurring commission. If a sale is refunded, the commission is reversed. The platform pays it, and the exact amount and payment date appear in your Kiwify or Hotmart dashboard.

Licenses and prices

One-time payment in US dollars, before tax. One license per business. 7-day full refund through the platform where it was bought.

Program rules

1. Always use your own affiliate link from the platform. No link, no commission.
2. Do not promise earnings, profit or results. The software organizes the business; results depend on each business.
3. Explain “lifetime” correctly: no monthly fee for as long as the product exists. If it is discontinued, customers get at least 12 months' notice and can export their data.
4. Do not promise text messages, WhatsApp, card processing or tax filing: they are not included.
5. Disclose that you are an affiliate, clearly and next to your link, as required by the FTC.
6. No spam, unsolicited bulk messages or fake profiles.
7. Do not use the Cobrix name or logo to pose as the company.
8. No fake urgency: there are 30 spots and the page shows how many are left.
9. Questions: contato@cobrix.site
